Medicaid expansion listening session for healthcare providers and stakeholders set for Aug. 19

The Idaho Department of Health and Welfare is inviting all interested providers and stakeholders to participate in a Medicaid expansion listening session for healthcare providers and continuity of care. The listening session is an opportunity for healthcare providers and other stakeholders to ask questions and share input for the department to consider as it implements Medicaid expansion.

The department anticipates high interest and participation in this session. All questions and input will be recorded during the session and responded to after the session by adding details to the department’s Medicaid expansion website: [https://medicaidexpansion.idaho.gov/](https://medicaidexpansion.idaho.gov/)

**When:** 1:30 p.m. to 3 p.m. MDT on Monday, Aug. 19.

**Where:** To attend in person, come to the main entrance of Idaho Medicaid at 3232 Elder St., Boise. Please arrive in time to sign in and find a seat in conference room D-East. Parking is free.

**Attend via WebEx:**

Those participating via WebEx and interested in providing input or asking questions will need to indicate through the WebEx chat function they have a question or comment to share.

Because there will be other opportunities for sharing input on the waivers required in Senate Bill 1204, the department will not be seeking input on those waivers during the Aug. 19 listening session. This listening session will be for comments and questions specific to providers and continuity of care.
